

MARC Instructions for Using NRSA Table 12A

(Renewal/Revision Applications Only)

Note: An example NRSA Table 12A for MARC applicants is shown at <http://www.nigms.nih.gov/Training/MARC/pages/MARCtables.aspx>

MARC Instructions for Using NRSA Table 12A (which replaces former MARC Table D): List sequentially, by entering year in college, all MARC trainees who were or are currently supported by the MARC training grant. For previous trainees, include up to the previous 10 years.

Complete the table with the following **exceptions**:

- a. The first column reads "Trainee, Year of Entry, Prior Degree & Institution (Mentor – Department / Program)." Write down each MARC student's name and their entry year into the institution (*e.g.*, as a freshman). Do *not* address the portion that says "Prior Degree & Institution (Mentor – Department / Program)."
- b. Fill out up to the past 10 years of the MARC grant, indicating the most recent full year under "Grant Year -10." Or if your program has only a past 5 year MARC history, under "Grant Year -05" indicate the year of the most recent full year.
- c. For each year write each student's source of support, *e.g.*, for MARC training grant (write "TG"), for another grant specify the support source (such as university funds ("UF"), "RISE," "IMSD," "LSAMP," etc.), if not supported during the undergraduate tenure in a given year simply leave blank. If a student withdrew from MARC before completion of the program write "Withdrew."
- d. Leave blank the column that reads "Title of Research Project or Research Topic" for each trainee as this section is not applicable for the MARC program.
- e. Under the "Degree(s) Received (Year)" column write the Bachelor's Degree type – B.S. or B.A. -- earned followed by the year received in parenthesis for former MARC students. If a student is still in the MARC program, leave the column blank.
- f. Under the final column "Current Position and Institution (Grant Support Obtained)" write whether MARC alumni are currently matriculating in a
 1. Ph.D. (or combined – Ph.D.) program, the Institution, and years
 2. M.D. (or DDS) program, the Institution, and years
 3. M.S. program, the Institution, and years
 4. Postbaccalaureate program, the Institution, and years
 5. "Other" and indicate the Institution

If the former MARC alumni has completed a Ph.D. (or combined-Ph.D.) or M.D. degree, then write the Degree Program -Institution- Completed and the Year.

Do not address (leave blank) the "(Grant Support Obtained)" section.

- g. Leave blank the "*Program Statistic*" sections – not applicable for MARC
