

## PUBLICATION REQUEST FORM

NIGMS provides free publications in PDF, HTML, E-PUB and print formats. To order single, print copies of certain NIGMS publications, check the boxes to indicate which publications you would like to receive, fill in your name and address at the end of this form, and mail or fax this form to:

Office of Communications and Public Liaison  
National Institute of General Medical Sciences  
45 Center Drive MSC 6200  
Room 3AN.32  
Bethesda, MD 20892-6200  
Tel: 301-496-7301 / Fax: 301-402-0224

This form is for U.S. orders only.

For larger quantities, please send an e-mail message identifying your school or other organization and describing the intended use of the material requested to [info@nigms.nih.gov](mailto:info@nigms.nih.gov) or call 301-496-7301.

### Science Education/General Public

- The Chemistry of Health**  
NIH Pub. No. 09-4121, printed 2009, 20 pages  
Describes basic chemistry and biochemistry research that spurs a better understanding of human health.  
<http://publications.nigms.nih.gov/chemhealth>
- The Chemistry of Health Companion Poster**  
NIH Pub. No. 09-4121p, printed 2009  
Features chemists and chemistry tools and applications.  
<http://publications.nigms.nih.gov/chemhealth/COHposter.pdf>
- Computing Life**  
NIH Pub. No. 10-5861, printed 2010, 24 pages  
Showcases the exciting ways that scientists are using the power of computers to expand our knowledge of biology and medicine. <http://publications.nigms.nih.gov/computinglife>
- Curiosity Creates Cures**  
NIH Pub. No. 120, printed 2012, 2 pages  
Conveys the importance of basic biomedical research in leading to new medicines, technologies, scientific tools and economic payoffs.  
[http://www.nigms.nih.gov/Education/Pages/factsheet\\_curiositycreatescures.aspx](http://www.nigms.nih.gov/Education/Pages/factsheet_curiositycreatescures.aspx)
- Findings Magazine (latest issue)**  
Showcases diverse scientists who do cutting-edge research and lead interesting lives. Each issue contains research highlights and a puzzle or other activity.  
<http://publications.nigms.nih.gov/findings>
- Findings Companion Poster – Find Out**  
Printed 2013  
Features some of the scientists from *Findings* magazine and provides subscription information for free copies.  
[http://publications.nigms.nih.gov/findings/FindOut\\_poster.pdf](http://publications.nigms.nih.gov/findings/FindOut_poster.pdf)
- Inside the Cell**  
Print version no longer available  
NIH Pub. No. 05-1051, revised 2005, 80 pages  
Makes cell biology come alive through vivid descriptions and stunning images.  
<http://publications.nigms.nih.gov/insidethecell>
- Inside the Cell Companion Poster – Seeing Cells**  
NIH Pub. No. 05-1051p, printed 2012  
Shows a variety of beautiful cell images and provides some basic facts about the cell.  
<http://publications.nigms.nih.gov/insidethecell/poster.pdf>
- Medicines By Design**  
Print version no longer available  
Discusses the many different ways medicines work in the body and how this information guides the hunt for drugs of the future.  
<http://publications.nigms.nih.gov/medbydesign>
- Medicines for You**  
NIH Pub. No. 05-4657, revised 2005, 4-fold brochure  
Describes how genes affect the way people respond to medicines and answers questions about this field of research, known as pharmacogenetics.  
<http://publications.nigms.nih.gov/medsforyou>
- Medicinas Para Usted**  
NIH Pub. No. 05-4657s, printed 2005, 4-fold brochure  
Spanish version of *Medicines for You*.  
[http://publications.nigms.nih.gov/medsforyou/index\\_esp.html](http://publications.nigms.nih.gov/medsforyou/index_esp.html)
- The New Genetics**  
NIH Pub. No. 10-662, revised 2010, 90 pages  
Explains the role of genes in health and disease, the basics of DNA and its molecular cousin RNA and new directions in genetic research.  
<http://publications.nigms.nih.gov/thenewgenetics>
- The New Genetics Companion Poster – Living Laboratories**  
NIH Pub. No. 07-662p, printed 2006  
Features a few of the simple, easy-to-breed organisms that are important in medical research.  
<http://publications.nigms.nih.gov/thenewgenetics/poster.pdf>
- The Structures of Life**  
Print version no longer available  
NIH Pub. No. 07-2778, printed 2007, 64 pages  
Reveals how structural biology provides insight into health and disease and is useful in developing new medications.  
<http://publications.nigms.nih.gov/structlife>

## NIGMS Programs

### Investing in Discovery: An Overview of NIGMS

NIH Pub. No. 15-7611, printed 2015, 3-fold brochure  
Describes the NIGMS mission and research areas, as well as  
its commitment to training future scientists and strengthening  
public understanding and appreciation of science.  
<http://publications.nigms.nih.gov/NIGMSbrochure>
